**Message: (Form contents from the above link)**

---------------------------------------------------------------------

Don't feel obligated to enter a detailed message if it's difficult; the important part is the Subject line!

The VDEN website (http://vden.org) includes information about the Central Virginia BBSes, how to send personal mail and bulletins, and methods for connecting over RF (Packet / Vara via Terminal / Winlink / Outpost).

Bulletins created on the N4VEM BBS will be forwarded over Vara FM to the KN4LQN BBS, which will then forward over Vara HF to the N3MEL BBS and the wider regional packet network.

Reach out if you have any questions!
